

Science

Animal Lifecycles: Children will explore animal life cycles. Children will explore how animals change throughout their life and the habitats they are found in.

Computing

Children will discover what IT is and how we can use IT in the world safely.

Autumn Term 1:

Fire, fire!

How did the great fire change life in London?

History

Children will learn about the Great Fire of London and how this changed life in 1666. We will learn about the impact of the fire, how it started and how the people of London tried to put it out. Children will compare life in 1666 to life now and think about how we put out fires in modern Britain.

English

Children will continue to consolidate their use of phonics to help them read and write.

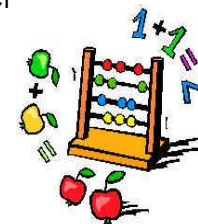

- Vlad and the Great Fire of London: Children will retell the story as a diary.

- Children will write a report about the Great Fire of London.

Maths

Number place value – estimating and identifying the value of digits. Children will continue to grow in confidence when using the number line. Children will compare and order numbers. Addition and Subtraction – Children will continue to build on mathematical fluency when using these operations.

RE

Children will learn learning bread as a symbol to Christians and in Judaism. We will learn about how Jewish people celebrate Shabbat.

Art

Children will create a painting of a great fire.

Music- Our topic focus will be 'Dragons' We will be learning about dynamics and tempo.

PSHE – Think Positive!

Children will learn to accept, identify and manage their emotions. They will reflect on making good choices and continue to develop resilience. Building on previous work on growth.

PE Outdoor games – children will learn to improve the way they co-ordinate and control their bodies whilst using a range of equipment.
Indoor PE – The Great Fire Dance – Dance unit based on the Great Fire of London.
