

Science – Plants

We will recap our knowledge of plants from Year 2 and will begin to learn that plants make their own energy and food.

We will explore what a plant needs to survive and will also learn about oxygen, which is given out through the leaves.

Geography – Rainforests

We will be learning:

- What a rainforest is
- Where the rainforests of the world are
- The different layers within and the features that make up a rainforest
- Describe key characteristics of locations the Amazon rainforest
- Explore the impact of deforestation.

Music

This term, we will be taking part in Listen2Me lessons before having a performance at the end of the Autumn Term.

MFL - We are starting our Spanish learning this year. This half term, we will be learning basic phonics sounds in Spanish and key vocabulary.

PSHE - TEAM.

See PSHE curriculum overview for further details.

RE – Creation

What do Christians learn from the Creation story?

Autumn Term 1 Rainforests

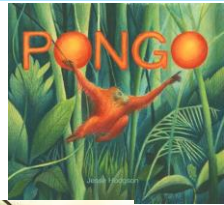

What is a rainforest?

DT

Linking to our Geography learning, children will be designing, making and evaluating their own dart frog. Part of the making stage will involve them sewing.

English

- Pongo: narrative (retell the story).
- There's a Rang-Tan in My Bedroom: setting description.
- The Night Box: performance poetry.

In reading, our author focus will be Roald Dahl. We will be improving our fluency and retrieval skills.

Maths

We will be learning:

- Number place value
- Addition and subtraction
- Measurement (linked to addition and subtraction)
- Multiplication and division

Computing - We will learn about how digital devices work, how they help us, and how we use devices in our school.

PE – we will be working on our coordination and balance through multi-skills and gymnastics lessons.
