

Science

Materials - Children will learn about different mixtures and how these can be separated in a variety of ways.

PSHE

Think Positive – children will explore how to have a positive attitude in and out of school.

RE

People of God – What is God like to follow?

History – The Romans

The children will consider how the Roman control expanded across Europe. They will examine why the Romans decided to invade Britain and explore what changed and what stayed the same under the Romans and for a period after they left. We will also consider aspects of the long term impact of the Roman Empire and their significance.

Autumn Term 1

The Romans

What impact did The Romans have on Britain?

Music

The children will be learning Woodwind instruments with Hampshire Music Service.

Art

Children will design their own Roman mosaic. They will explore Roman mosaics and create repeating patterns before making their own using tiles and grout.

English

The Night Gardener - A narrative and setting description

We Travel so Far - Create a class book on animal migrations.

Children will develop their sentence structure and variation. They will continue to develop their editing skills.

We will look at some class texts to develop fluency and comprehension in reading.

Maths

Children will develop and apply their knowledge of number place value, addition and subtraction to a wide range of problems. They will increase their fluency in multiplication and division.

Computing

Children will explore the purpose of the internet and assess its reliability.

MFL

Children will look at the pronunciation of Spanish letters.

PE - children will develop their teamwork through different games and activities. Children will look at balance in gymnastics.
